Schedule CG – Capital Gains

Capital gains arising from sale/transfer of different types of capital assets have been segregated. In a case where capital gains arises from sale or transfer of more than one capital asset, which are of same type, please make a consolidated computation of capital gains in respect of all such capital assets of same type.

However, in case of long term capital gains (LTCG) arising on sale of equity shares in a company or unit of equity oriented fund or unit of business trust on which STT is paid, computation of capital gains should be made as per item No. B4 (in case of residents) or item No. B7 (in case of non-residents). Please note that separate computation of capital gains should be made for each scrip or units of mutual fund sold during the year. The net capital gains arising on sale of individual scrips should be aggregated. Thereafter, tax shall be charged at a flat rate of 10% on the aggregate LTCG, as reduced by Rupees One lakh, for the purpose of tax computation.

Part A of this Schedule provides for computation of short-term capital gains (STCG) from sale of different types of capital assets. Out of this, item No. A3 and A4 are applicable only for non-residents.

Part B of this Schedule provides for computation of long-term capital gains (LTCG) from sale of different types of capital assets. Out of this, item No. B5, B6, B7 and B8 are applicable only for non-residents.

STCG/LTCG on sale of immovable property, if any, should be reported at item No. A1/B1. It is mandatory to disclose the details of immovable property, name and PAN of the buyer etc. as per the given table. These details should be furnished separately for each immovable property transferred during the year.

The details of pass through income from business trust or investment fund as per section 115UA or 115UB are required to be reported separately in Schedule PTI. In case any amount of pass through income reported therein is of the nature of short-term capital gain, the same has to be reported at item No. A7 of this Schedule. Further, in case any amount of pass through income reported therein is of the nature of long-term capital gain, the same has to be reported at item No. B11 of this Schedule.

Part C of this Schedule computes the total of short-term capital gain (*item No. A9*) and long-term capital gain (*item No. B13*). In case the total amount of long-term capital gain at item No. B13 is a loss figure, the same shall not be allowed to be set off against short-term capital gains. In such a case, the figure at item No. B13 should be taken as 'Nil' and only the figure of item No. A9 should be taken as item C.

Deductions can be claimed in respect of capital gains subject to fulfillment of prescribed conditions under sections 54 or 54B or 54EC or 54F or 54GB or 115F. Some of these deductions are available only against long-term capital gains. In case any deduction is claimed against any type of capital gains, the details of such claim have to

be furnished as per part D of this Schedule.

Part E of this Schedule provides for intra-head set off of current year capital losses with current year capital gains. The Schedule separates different category of capital gains (long-term and short-term) into different baskets according to rate at which the same is chargeable to tax. The applicable rate implies the rate of tax at which the normal income of the assessee is otherwise taxable. The DTAA rate refers to the special rate at which the short-term capital gains or long-term capital gains is chargeable to tax in accordance with the relevant article of the Double Taxation Avoidance Agreement (DTAA) of India with another country.

The figures in column 1 list out the categories of capital gains against which capital losses of the current year can be set off. Similarly figures in row 'i' provides for different categories of capital losses of the current year which can be set off against capital gains in column 1. The figures in row 'i' and column '1' are derived from addition of figures computed at relevant items of Schedule CG as indicated. Thus, $(A2e^*+A3a^*+A7a^*)$ is addition of short-term capital gains reported at items Nos. A2e, A3a and A7a as reduced by the amount of short-term capital gains not chargeable to tax or chargeable to tax at DTAA rates which is included therein. Further, if $(A2e^* + A3a^* + A7a^*)$ represents a negative figure it should be filled in cell '2i' and if it is a positive figure it should be filled in cell '1ii'. The assessee may set off the capital loss of row 'i' with any category of capital gains in column '1' except that the long-term capital loss can only be adjusted with any long-term capital gains only. The amount of capital loss set off has to be entered into in the relevant rows of columns 2 to 8. The capital gains of current year remaining after intra-head set off is computed in column 9, which is then taken to Schedule CYLA for computing inter-head set off of current year losses. The remaining capital loss of current year is computed in row (x) which is taken to Schedule CFL for reporting of losses to be carried forward to future years.

In Part F of this Schedule, please report the quarter-wise details of accrual or receipt of incomes under the head 'capital gains' as per the table given.

The details of accrual or receipt have to be furnished separately for short-term capital gains (STCG) taxable at different rates and long-term capital gains (LTCG) taxable at different rates, for all quarters. The amounts of STCG and LTCG, in respect of which a quarter-wise break-up is required to be furnished, should be taken as computed in column 3 of Schedule BFLA, i.e. capital gains remaining after set-off of current year losses and brought forward losses.

For computing long-term capital gain, cost of acquisition and cost of improvement may be indexed, if required, on the basis of following cost inflation index notified by the Central Government for this purpose.

Schedule-CYLA - Details of Income after set-off of current year losses

If the net result of computation under the head ‘income from house property’, and ‘income from other sources’ is a loss figure, please fill up the figure of loss in the first row under the respective head. Please note that loss from activity of owning and maintaining horse races cannot be set off against income under other heads for the current year.

The positive income computed under various heads of income for the current year should be mentioned in column (1) in the relevant row for the respective head. Short-term capital gains or long-term capital gains chargeable to tax at various rates should be mentioned in separate rows as indicated in the Schedule.

The losses mentioned in row (i) can be set off against positive incomes mentioned under other heads in column (1) in accordance with the provisions of section 71.

In a case where loss is computed under the head “income from house property”, such loss can be set off against income under any other head only to the extent it does not exceed rupees two lakh.

The amount of current year loss which is set off against the income computed under other heads should be entered into in columns 2 and 3, in the relevant rows.

In column (4), please mention the net income remaining after set off of current year losses, under the respective heads of income, in the relevant rows.

In row (xiii), please mention the total of current year losses set off out of the columns (2) and (3).

In row (xiv), please mention the remaining loss under various heads i.e. house property loss at column (2) and loss from other sources at column (3).

The unabsorbed losses allowed to be carried forward out of this should be taken to Schedule CFL for carry forward to future years.

Schedule-BFLA- Details of Income after Set off of Brought Forward Losses of earlier years

The positive income remaining after set off of current year losses, as per Schedule CYLA, under various heads of income for the current year should be mentioned in column (1) in the relevant row for the respective head. The net positive short-term capital gains or long-term capital gains chargeable to tax at various rates should be mentioned in separate rows as indicated in the Schedule.

In column (2), the amount of loss brought forward from earlier years which can be set off against various heads of income should be entered in the relevant row. Brought forward short-term capital loss can be set off against any item of short-term or long-term capital gains. However, brought forward long-term capital loss can only be set off against an item of long-term capital gains. Brought forward loss from activity of owning and maintaining horse races can be set off only against positive income from the same activity during the current year.

In column (3), please mention the net positive income of current year remaining after set off of brought forward losses under various heads of income in the relevant rows. The head-wise total of column (3) should be captured in row (xiii) thereof which should be the figure of Gross Total Income (GTI) of the year.

The aggregate of brought forward losses under various heads set-off against positive income of the current year should be mentioned in row (xii) of column (2).

Previous owner shall have the meaning as provided in Explanation to section 49(1) of the Act.

Part B – TI - Computation of total income

Total income for the previous year is required to be computed head-wise as per scheme of the Income-tax Act. Income from all sources should be classified under any one of the heads of income – 'Salary', 'Income from house property', 'Capital gains' and 'Income from other sources'. Income under each head should be computed separately as per the respective Schedules given in the ITR. Loss from any source should first be set off against income from any other source, under the same head of income, for the current year (*intra-head set-off*). Thereafter, remaining loss under various heads of income can be set off against income computed under other heads, for the current year

as provided for in the Schedule CYLA (*inter-head set-off*). Losses brought forward from earlier years under certain heads can also be set off from remaining income for the current year under other heads, as provided for in the Schedule BFLA. The remaining income under various heads for the current year, after set off of current year and brought forward losses, should be aggregated to arrive at the figure of gross total income. The deductions claimed under Chapter VI-A etc. should be reduced therefrom to compute total income for the previous year which is chargeable to tax.
