Schedule BP - Computation of income from business or profession

In this Schedule, income under the head 'Profits and gains of business or profession' is computed starting from the net profit before taxes arrived at in the profit and loss account which is appearing at item No. 53 and item No. 61(iii) of Part A-P&L, or in case of Ind-AS companies, at item No. 55 and item No. 63(iii) of Part A-P&L – Ind-AS.

In case any amount is reduced from credit side of profit and loss account to be shown under any other head of income, please ensure that the same is correctly reported in the corresponding head of income.

In case any amount is reduced from credit side of profit and loss account

being exempt income, please ensure that the same is correctly reported in the schedule of exempt income.

Thereafter, profits or incomes of the following nature, which are included in the above net profit are deducted therefrom for separate consideration:-

- Profit from speculative businesses
- Profit from specified businesses u/s 35AD
- Income credited to P&L which is to be considered under other heads
- Incomes chargeable at special rates
- Profits from business or profession computed on presumptive basis
- Incomes credited to P&L which is exempt
- Income from activities which are covered under Rule 7, 7A, 7B and 8

Expenses debited to the P&L account relating to the above categories of income are added back along with book depreciation and amortization. The depreciation admissible as per the provisions of the Income-tax Act is deducted to arrive at profit after adjustment of depreciation at item No. 13.

Item No.13 to item No. 19, list various disallowances of expenses debited to the P&L account whereas item No. 20 to 25 provide for additions of deemed incomes under various provisions. Out of these, item No. 23 is the residual column for entering any other type of income to be added. Any other income which is not included in the P&L account such as salary, commission, bonus or interest earned by the individual/HUF from any firm as a partner, should be separately reported at item No. 24. The aggregate amount of additions and disallowances are captured as an auto-filled figure at item No. 26.

Further, item No. 27 to item No. 33 provide for deductions allowable under various provisions. Out of these, item No. 32 is a residual column for entering any other amount allowable as deduction. The aggregate amount of deductions allowable are captured as an auto-filled figure at item No. 35.

The net business income is computed at item No. 36, after adding the aggregate amount of additions and disallowances (*item No. 26*) to the adjusted profit and loss (*item No. 13*) and reducing the permissible deductions therefrom (*item No. 35*).

The profits and gains from business and profession computed as per special provisions on presumptive basis are reported separately at item No. 37. Profits in respect of each such activity should be reported as a separate line item.

The total net profit from business or profession is computed at item No. 38 as aggregate of net business income (item No. 34) and profits computed on presumptive basis (item No. 37).

In a case where income from activities covered under Rule 7, 7A, 7B and 8 is included in the P&L account, the break-up of deemed business income chargeable under these rules and business income chargeable other than these rules is required to be mentioned at item No. 39. In such a case, balance of income deemed as agricultural income should be reported at item No. 39.

In any other case, only the figure of net profit from business or profession computed at item No. 38 should be reported at item No. 39.

Part B of this Schedule provides for separate computation of income from speculative business, in case any profit from speculative business was included in the P&L account.

Part C of this Schedule provides for computation of income from specified business u/s 35AD, in case any profit from specified business was included in the P&L account.

The total income chargeable under the head 'profits and gains from business and profession' is computed at Part D of this Schedule, as aggregate of net profit from business or profession other than specified business or speculative business (*item No. A39*), income from speculative business (*item No. B44*) and income from specified business (*item No. C50*).

Part E of this Schedule provides for intra-head set off of normal business losses with incomes from specified business or speculative business during the current year. Losses from specified businesses or speculative businesses, if any, are not allowed to be set off against normal business income.

Schedule DPM

Schedule DPM provides for computation of depreciation admissible under the Income-tax Act for the year in respect of plant and machinery. This does not include plant and machinery on which full capital expenditure is allowable.

Schedule DOA

Schedule DOA provides for computation of depreciation admissible under the Income-tax Act for the year in respect of other category of assets - land, building, furniture and fittings, intangible assets and ships. This does not include assets on which full capital expenditure is allowable.

The amounts of specified nature debited to the P&L account, if any, should be reported in column (2) of the Schedule. Out of this, the amount which is eligible for deduction under the relevant provision i.e. section 35, section 35CCC or section 35CCD should be reported in column (3).

Further, in case any deduction has been claimed on account of donations to research associations etc., the name, address and PAN of donee and the mode of donation paid should be provided as per Schedule RA.

Schedule CG - Capital Gains

Capital gains arising from sale/transfer of different types of capital assets have been segregated. In a case where capital gains arises from sale or transfer of more than one capital asset, which are of same type, please make a consolidated computation of capital gains in respect of all such capital assets of same type.

However, in case of long term capital gains (LTCG) arising on sale of equity shares in a company or unit of equity oriented fund or unit of business trust on which STT is paid, computation of capital gains should be made as per item No. B5 (in case of residents) or item No. B8 (in case of non-residents). Please note that separate computation of capital gains should be made for each scrip or units of mutual fund sold during the year. The net capital gains arising on sale of individual scrips should be aggregated. Thereafter, tax shall be charged at a flat rate of 10% on the aggregate LTCG, as reduced by Rupees One lakh, for the purpose of tax computation.

Part A of this Schedule provides for computation of short-term capital gains (STCG) from sale of different types of capital assets. Out of this, item No. A4 and A5 are applicable only for non-residents.

Part B of this Schedule provides for computation of long-term capital gains (LTCG) from sale of different types of capital assets. Out of this, item No. B6, B7 and B8 are applicable only for non-residents.

STCG/LTCG on sale of immovable property, if any, should be reported at item No. A1/B1. It is mandatory to disclose the details of immovable property, name and PAN of the buyer etc. as per the given table. These details should be furnished separately for each immovable property transferred during the year.

The details of pass through income from business trust or investment fund as per section 115UA or 115UB are required to be reported separately in Schedule PTI. In case any amount of pass through income reported therein is of the nature of short-term capital gain, the same has to be reported at item No. A8 of this Schedule. Further, in case any amount of pass through income reported therein is of the nature of long-term capital gain, the same has to be reported at item No. B11 of this Schedule.

Part C of this Schedule computes the total of short-term capital gain (item No. A10) and long-term capital gain (item No. B13). In case the total amount of long-term capital gain at item No. B13 is a loss figure, the same shall not be allowed to be set off against short-term capital gains. In such a case, the figure at item No. B13 should be taken as Nil and only the figure of item No. A10 should be taken as item C.

Deductions can be claimed in respect of capital gains subject to fulfillment of prescribed conditions under sections 54D or 54EC or 54G or 54GA. Some of these deductions are available only against long-term capital gains. In case any deduction is claimed against any type of capital gains, the details of such claim have to be furnished as per part D of this Schedule.

Part E of this Schedule provides for intra-head set off of current year capital losses with current year capital gains. The Schedule separates different category of capital gains (long-term and short-term) into different baskets according to rate at which the same is chargeable to tax. The applicable rate implies the rate of tax at which the normal income of the assessee is otherwise taxable. The DTAA rate refers to the special rate at which the short-term capital gains or long-term capital gains is chargeable to tax in accordance with the relevant article of the Double Taxation Avoidance Agreement (DTAA) of India with another country.

The figures in column 1 list out the categories of capital gains against which capital losses of the current year can be set off. Similarly, figures in row 'i' provides for different categories of capital losses of the current year which can be set off against capital gains in column 1. The figures in row 'i' and column '1' are derived from addition of figures computed at relevant items of Schedule CG as indicated. Thus, (A3e*+A4a*+A8a*) is addition of short-term capital gains reported at items Nos. A3e, A4a and A8a as reduced by the amount of short-term capital gains not chargeable to tax or chargeable to tax at DTAA rates which is included therein. Further, if (A3e*+A4a*+A8a*) represents a negative figure it should be filled in cell '2i' and if it is a positive figure it should be filled in cell '1ii'. The assessee may set off the capital loss of row 'i' with any category of capital gains in column '1' except that the long-term capital loss can only be adjusted with any long-term capital gains only. The amount of capital loss set off has to be entered into in the relevant rows of columns 2 to 8. The capital gains of current year remaining after intra-head set off is computed in column 9, which is then taken to Schedule CYLA for computing inter-head set off of current year losses. The remaining capital loss of current year is computed in row (x) which is taken to Schedule CFL for reporting of losses to be carried forward to future years.

In Part F of this Schedule, please report the quarter-wise details of accrual or receipt of incomes under the head 'capital gains' as per the table given.

The details of accrual or receipt have to be furnished separately for short-term capital gains (STCG) taxable at different rates and long-term capital gains (LTCG) taxable at different rates, for all quarters. The amounts of STCG and LTCG, in respect of which a quarter-wise break-up is required to be furnished, should be taken as computed in column 5 of Schedule BFLA, i.e. capital gains remaining after set-off of current year losses and brought forward losses.

For computing long-term capital gain, cost of acquisition and cost of improvement may be indexed, if required, on the basis of following cost inflation index notified by the Central Government for this purpose.

Part B – TI - Computation of total income

Total income for the previous year is required to be computed head-wise as per scheme of the Income-tax Act. Income from all sources should be classified under any one of the heads of income – 'Income from house property', 'Income from business or profession', 'Capital gains' and 'Income from other sources'. Income under each head should be computed separately as per the respective Schedules given in the ITR. Loss from any source should first be set off against income from any other source, under the same head of income, for the current year (*intra-head set-off*). Thereafter, remaining loss under various heads of income can be set off against income computed under other heads, for the current year as provided for in the Schedule CYLA (*inter-head set-off*). Losses brought forward from earlier years under certain heads can also be set off from remaining income for the current year under other heads, as provided for in the

Schedule BFLA. The remaining income under various heads for the current year, after set off of current year and brought forward losses, should be aggregated to arrive at the figure of gross total income. The deductions claimed under Chapter VI-A etc. should be reduced therefrom to compute total income for the previous year which is chargeable to tax.
